

One day Mother Bear made some porridge for breakfast. Then she put the three bowls on the table.

'We can't eat it now,' she said. 'It's very hot. Let's go for a walk in the forest.'

So they went for a nice walk in the forest.

A little girl called Goldilocks lived near the bears' house. She liked walking in the forest too.

Today she came through the forest and she saw the bears' house.

'Oh!' she said. 'That's a nice little house! Who lives there? I want to go and see.'
